

Point-in-Time Count Volunteer Opportunity

What is it?

The Point-in-Time Count is an annual count required by the United States Department of Housing and Urban Development of people in our communities who are currently experiencing homelessness. Volunteers will administer brief, anonymous surveys and/or hand out warm items to people experiencing homelessness. Volunteers will receive training on survey administration.

When is it?

The count is conducted the night of January 24, 2023, and during the day on January 25-27, 2023. We need volunteers for 2-4 hours on any or all of these dates.

Why is it important?

The PIT Count data helps raise awareness of homelessness in the community, create funding opportunities, services, and programs that can help people experiencing homelessness, and is used to analyze trends and measure performance toward preventing and ending homelessness.

Who is organizing the count?

The Maine Continuum of Care oversees the statewide count with support from MaineHousing. The nine Homeless Response Service Hub Coordinators are organizing the counts for their respective hubs. York County Community Action Corporation is the Hub agency for York County and partnering for the count.

How Do You Get Involved?

To get involved, sign up at mainepit.org/volunteer.
